

Lowell Area Schools Education Foundation Kids' Bright Ideas Innovative Grant Application

Mission Statement: To enrich the education of Lowell Area Schools students by providing for program enhancement and innovative learning.

Each year, the Lowell Area Schools Education Foundation makes available a sum of money to award grants for innovative and unique ideas proposed by students. Grants have a limit of \$250 per project. We would like to fund grants that provide equipment or experiences with lasting educational impact; we do not fund requests for food or t-shirts.

To be considered for a grant, please complete the following application and return it to the Runciman Administration Building (care of the Ed Foundation). Applications will be reviewed throughout the year at the Ed Foundation's regular meetings (3rd Wednesday of the month), and applicants will be notified of the results by the end of each month.
